

## GEB 1011-Group Presentation Assignment 2- 7/20

As a group you will need to prepare a 10 minute presentation on your business plan. You will need to create PowerPoint slides for this assignment to show in class on the day of the presentations. All group members must be present on the day of the presentation and must have a speaking part. The presentation (Group Presentation Assignment 2) will be evaluated on the thoroughness, clarity, professionalism, and creativity of the presentation and is worth 150 points. Students will be graded on communication skills (articulate, well-prepared) and presentation skills (used time effectively, spoke clearly and evenly). Good luck.
